CHAPTER 01 TRANSLATION NOTES

The text says "Kishin Town," but the JP seems to say "Enslaved Town." We decided to go with the latter since "Guardian Spirit Town" sounds better than "Person God Town."

The book text is faded and hard to read, but it roughly says something about Ozawa smiling away the pictured object, and it being used to summarize something.

麒麟！我
討狼虎
...

It literally says "rainbow beast with tiger panther," but that doesn't sound scary at all lol, so we decided to go with "chimera" instead.
